

NCTNA

Broadband By and For Healthcare

Who We Are

NCTNA is a nonprofit organization directed by NC healthcare entities and dedicated to the provision of high-speed, reliable and affordable broadband services to North Carolina's public and nonprofit healthcare providers.

What We Do

In collaboration with MCNC, we operate a statewide fiber-optic network, and maintain a responsive, state-of-the-art, 24x7x365 network operations center (NOC). The network is designed and operated to meet the highly demanding needs of healthcare organizations.

Why We Do It

We assure that North Carolina public and nonprofit healthcare providers have access to high-quality, reliable and affordable broadband services.

Who We Serve

We provide broadband access to the full range of North Carolina's public and nonprofit healthcare providers, including large, small and rural healthcare organizations.

An NCTNA subscriber is part of a **RELIABLE, STABLE, SECURE** and **HEALTHY** community

Up to 65% Discounts for public and non profit healthcare providers

Expert Services and Support

Provided by **MCNC**

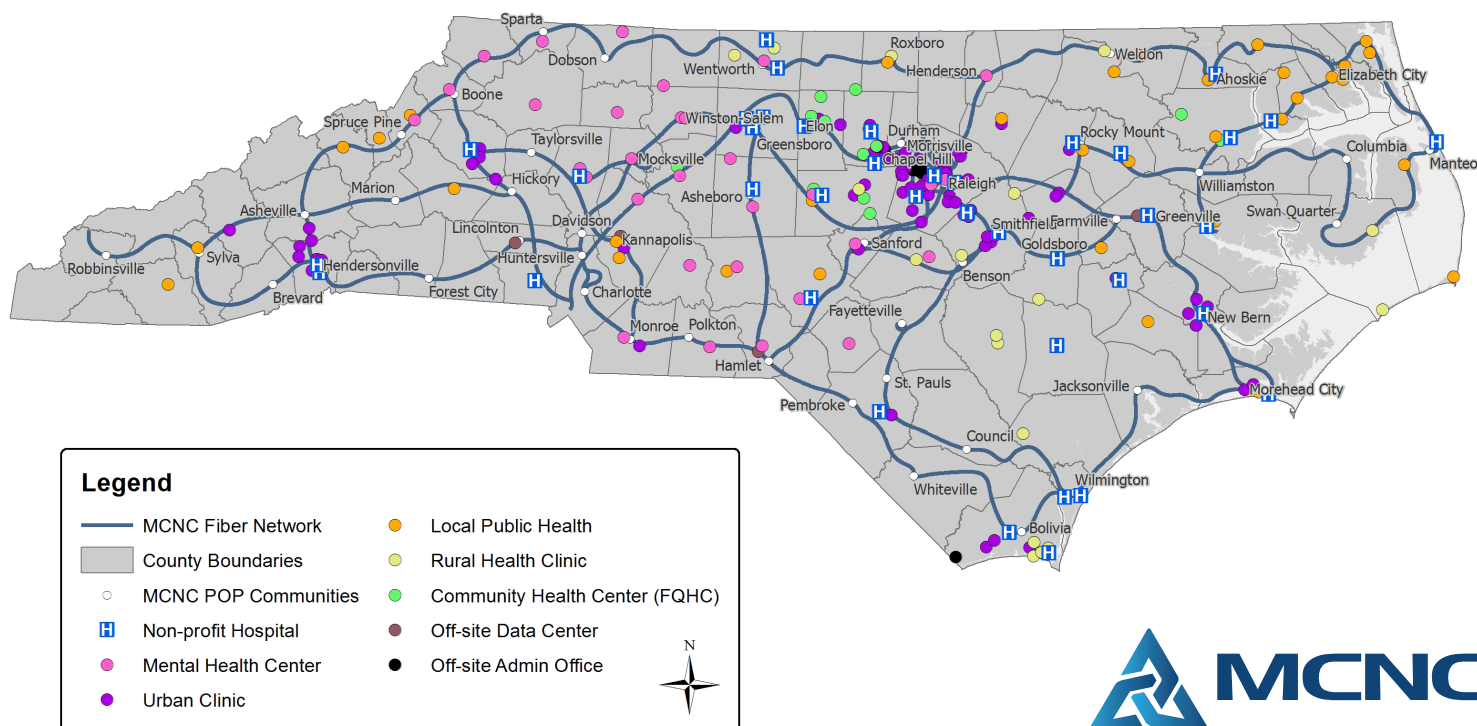

The collaboration between NCTNA and MCNC allows for a successful optic fiber network to run at high capacity all across North Carolina. NCTNA subscribers benefit from MCNC services and expertise, including:

- Proactive NC Based 24x7x365 Support
- Client Relations Manager
- Optional Services
 - Network and Security Consulting
 - Data Center
 - Video
- Real-time Traffic Utilization graphs
- DDoS Mitigation
- Access to Internet2

For a complete list of services, see www.mcnc.org/who-we-serve/healthcare-institutions.

“One of the great things about working with MCNC is that they understand that access to medical applications [through broadband service] is a life and death issue.”

Jean Payne
Daymark Recovery Services

MCNC is a nonprofit, client-focused organization. Founded in 1980, MCNC owns and operates NCREN, one of America's longest-running regional research and education networks. With 40 years of innovation, MCNC continues to provide high-performance services for education, research, libraries, health care, public safety, and other community anchor institutions throughout North Carolina.
