45 Years of Transformation
Empowering the Digital Age

2025 MCNC COMMUNITY DAY ⚙ NOV 5-6, 2025

JD Mills
Sr. Director of Infrastructure and Operations
Technology & Innovation Division
Davidson College

JD's meandering path through higher education, telecom, IT services, and pharmaceutical research finally brought him back to Davidson College in 2015. He currently serves as the Sr. Director of Infrastructure & Operations in Davidson's Technology & Innovation division, where areas of active interest and development include LLMs, agentic AI, and mesh networks.

JD has presented to audiences at the Consortium of Liberal Arts Colleges (CLAC), EDUCAUSE, Kuali Days, Azure Education Hour, BYU's University API Conference, and Enterprise Connect on a wide variety of topics, from VR, to cloud storage, to low code, institutional APIs, UCaaS, and E911 compliance.

JD currently serves on Davidson's AI Innovation Initiative Steering Committee, where he helps guide the campus conversation on AI and the liberal arts.
